

**Metric Units of Measure**

RCR Multiple Unit Assemblies  
 89 mm to 101.6 mm Hanger rod diameter  
 28122-54431 kilogram capacity

E\* refers only to the uppermost blocking position.  
 Downward travel increases E dimension directly.

Hanger rod provided in U.S. customary units.  
 See rod diameter in tables below.

Top and Bottom Lug Plates
